

TenderTrode™

Pre-Wired Electrodes & Thermal Probe Covers

FEATURES

PRE-WIRED ELECTRODES

We offer a complete line of pre-wired electrodes for use in PICU/NICU and other neonatal applications. Available in various sizes as well as metallic or radiolucent lead wires.

THERMAL PROBE COVERS

Our thermal probe covers use a delicate adhesive designed for tender infant skin. The highly reflective surface deflects heat from radiant warmers.

A complete line of pre-wired electrodes for use in the PICU/NICU and other neonatal applications.

PACKAGING

CASE

FDA / GS1 Compliant Labels

HYGIENIC, DISPOSABLE SINGLE-USE PACKS

Reduces risk of cross contamination of unused electrodes
