

VersaTrode™ Wet Gel

Adult General Purpose Electrodes

FEATURES

WET GEL ELECTRODES

Wet gel provides quick reading and stabilization.

VARIETY OF SHAPES AND SIZES

Available in multiple shapes and sizes for better nesting of electrodes in close spaces.

A10097 VERSATRODE™ LEADLOCKING

Eliminate the need to tape down lead wires or replace displaced electrodes saving time and money. Leadlocking electrodes safely secure leadwires, preventing artifact associated with movement.

Vermed VersaTrode™ electrodes are the ideal choice for all adult cardiac monitoring and diagnostic applications.

PACKAGING

RESEALABLE BULK POUCH

Ziplock pouch contains 30 or more electrodes

CASE

FDA / GS1 Compliant Labels

HYGIENIC, DISPOSABLE SINGLE-USE PACKS

Reduces risk of cross contamination of unused electrodes
